

CareHere!®

Menopause and Hormone Replacement Therapy

Rutherford County and CareHere

join together to bring you a presentation on
Menopause and Hormone Replacement Therapy.

This presentation will include the following topics:

- Changes that a woman's body makes in the years leading up to and through menopause
- Definitions, signs, symptoms and system changes of menopause
- Lifestyle interventions that can help alleviate the impact from these changes
- A CareHere pharmacist will also discuss hormone replacement therapy both from a pharmaceutical standpoint, as well as supplements.

Please join us November 22, 2010

5:00-6:00p CST

Webinar

***Please note: Participants MAY NOT attend programs during work hours. All programs (and webinars) are to be completed outside of work hours.**
